

Career Academies and the High School Master Schedule

- *Do you want academies at your high school?*
- *Do you find creating a master schedule that includes academies challenging?*
- *If so, this workshop is for you!*

In this workshop you will learn the “whys” and “hows” of creating a master schedule that supports academies, ensures student cohorts, and provides common planning time for teachers. You will learn how this can be done while addressing the demands of a comprehensive high school.

Mike Neubig, presenter of this one-day workshop, is a nationally-recognized expert in career academies and what they need to succeed, which includes well-crafted master schedules.
